Dear Applicant,

We are pleased to provide you an application for Leadership Fremont County class of 2018-2019. Applications will be accepted until **July 15, 2018**. Review of applications will be held in June and July. Applications received after July 15, 2018 will be reviewed on a case-by-case basis. We will notify successful applicants no later than one week prior to the registration session or as soon as possible if application is submitted after the July 15, 2018 deadline.

This will be the fourteenth year for the Leadership Fremont County program, which was started jointly by the Riverton and Lander Chambers of Commerce. Initial funding was originally provided by the Wyoming Business Council through its regional representative, Roger Bower.

The mission of Leadership Fremont County is to provide leaders who are committed to excellence and progress in Fremont County the opportunity to better understand general public policy issues, economic and social diversity and the challenges facing our county; and to prepare them, through shared mutual interests and the leadership skills developed, to be active in building a better Fremont County.

Leadership Fremont County is organized for the purpose of identifying key individuals with leadership qualities and concern for Fremont County's future. The intent is to provide a systematic educational program to familiarize participants with the community's opportunities, needs, problems and resources. It is not a formalized training program for leadership development. However, there will be some leadership activities to improve your already acquired skills.

Through its Participants and Alumni, Leadership Fremont County provides the county a source of leadership by:

- Helping Participants and Alumni become involved in leadership roles in the Fremont County area.
- Promoting the continuing education and the leadership development of Participants and Alumni.
- Fostering a system of peer group support and encouraging a network of communication among Participants and Alumni.
- Working constructively toward solutions to significant community problems and providing leadership and support for major Fremont County projects through individual and group efforts.

The program starts in September 2018 with a full day registration session. Classes will be held once a month beginning September 2018 and continuing through June 2019 (Note there are two sessions in September and possibly one additional month). Generally, but not always, the classes will be held on the third Thursday of each month.

The commitment of your time is a vital part of the success of the program. You will be allowed **ONLY ONE ABSENCE** in order to graduate from the program. In any case, all absences must be notified of to the correspondence coordinator in advance of the missed meeting. As a participant, you will spend one day each month discussing issues, concerns, and problems related to education, social services, public policy, government relations, economic development, tribal history and relations as it relates to Fremont County. In addition, as a participant, you will be assigned to a session in which you will participate in the organization of a session with the assigned facilitator(s).

The program cost for Leadership Fremont County is **\$375.00**, which is due upon acceptance and is non-refundable once the class begins. This cost includes meals and materials for each session. The costs associated with travel and any other personal expense will be the responsibility of each student. Your employer **MUST APPROVE** your participation in the program.

Please take the time to complete the application and return it to the Riverton or Lander Chambers of Commerce, **Attention Leadership Fremont County**. Completed applications may also be given to an LFC Board Member. We are confident that you will find Leadership Fremont County to be a worthwhile experience.

Sincerely,

LFC Board of Directors

PARTICIPATION COMMITMENT

I understand the purpose of the LEADERSHIP FREMONT COUNTY program and, if I am selected, I will devote the time and resources necessary to complete the program. I know the program consists of an orientation day in September, nine regular monthly sessions (September through May), and graduation in June. Each session includes various activities, both indoors and outdoors, and run from approximately 8am to 5pm. Even though emergencies do arise, I understand that all activities, sessions and graduation are mandatory parts of this program and full participation is expected for all sessions, projects and interim activities.

Failure to comply with this policy may result in dismissal from the program and forfeiture of tuition. If you, and your employer, if applicable, are unable to make this commitment, it is probably not appropriate to apply. Are you and your employer willing to make such a commitment? _____
